

Sun Country Virtual — Standard Operating Procedures (SOP) Handbook

Welcome to Sun Country Virtual

Sun Country Virtual (SCXV) aims to bring *hometown airline vibes* to the Infinite Flight world, with a respectful, energetic, and welcoming community.

We proudly simulate:

- Scheduled operations (Allegiant and Sun Country)
 - Charter operations (Sun Country)
 - Historic routes (Allegiant and Sun Country)
-

Activity Policy

At SCXV, we value flexibility.

There is **no strict activity requirement**.

Pilots are encouraged to fly **whenever it suits them best**.

Aircraft Fleet

Sun Country:

- Boeing 737-800 (Sun Country Airlines)
- DC-10 (Gemini Air Cargo)

Allegiant:

- Airbus A320
- Boeing 737-8-200 MAX
- Boeing 757-200 (Generic)

Codeshare Fleet

Aeroflot

- A320, A333, A359, B739, B77W

Air Europa

- B738, B789

Aerolíneas Argentinas

- E190, B738, A332

Condor

- A321, A333, A339

easyJet

- A319, A320, A21N

Ice Air Virtual

- A21N, B38M, B39M (739), B752

jetBlue

- A223, A320, A321, E190

Norse

- B789

Porter

- E295 (E190), Q400

REX

- B738

Royal Jordanian

- B788, E175, E190

SkyAlps

- Q400 (generic)
-

Rank Structure

Rank	Hours Required	Access
Cadet	0–39 hrs	Sun Country and Allegiant Scheduled Routes
First Officer	40 hrs	All Codeshare Routes
Captain	200 hrs	Prime Air Routes
Training Captain	400 hrs	Gemini Air Cargo Routes
Executive Flight Crew	750 hrs	Charter Flights

Route Network

SCXV maintains a comprehensive route database including **all known scheduled routes (past and present)**.

We operate an **open route policy**:

- Missing a route?
→ Open a ticket in **#support** and it will be added.
-

Charter Operations

Sun Country operates one of the **largest charter networks in North America**, and SCXV has replicated this in a unique fashion:

Eligibility

- Rank: **Executive Flight Crew (750 hours)**

Charter Rules

- Aircraft: **Sun Country B738**
- Airports: Any **737-capable airport worldwide**
- Max flight time: **8 hours**

PIREP Format

Use callsign with “**8**” prefix:

- Example: **SY8XXX**
 - Example: **SY8001** (flyinggoosey’s callsign)
-

Featured Flights (#featured)

SCXV offers a flexible monthly featured system instead of weekly ROTWs.

How it Works

Pilots can fly:

- Any route **to/from Airport of the Month**
- Any route using **Airline of the Month**

Multipliers

- Airline of the Month: **1.5x**
- Airport of the Month: **1.5x**
- Both combined: **3x (Triple Sun Bonus)**

No limits on how many featured flights you can complete.

General Operating Procedures

Aircraft Performance

Boeing 737-800

- Cruise Speed: Mach **0.74 – 0.80**
- Max Cruise Altitude: **FL410**

DC-10

- Cruise Speed: Mach **0.77 – 0.83**

A320:

- Cruise Speed: Mach **0.76 – 0.80**
- Max Cruise Altitude: **FL390**

A752:

- Cruise Speed: Mach **0.77 – 0.81**
 - Max Cruise Altitude: **FL420**
-

Flight Rules

- All flights must be conducted on the **Expert Server**
 - When **IFATC is active**, all instructions must be followed
-

PIREP Notes

- If AP+ incorrectly tracks time or fuel:
 - Use **SimBrief or Flightradar24 values**
 - AP+ is allowed on all flights
 - Maximum of **2 flights logged simultaneously** (Using AP+)
-

Final Note

Above all else...Have fun.

SCXV exists to make virtual flying enjoyable and accessible.
If you have ideas or suggestions, don't hesitate to reach out!

Cya in the skies,

flyinggoosey
